

## The Employee Handbook is under construction!

While it's available for your viewing, please be advised that changes in policies and/or laws have occurred since the previous revision dated June 13, 2016. Therefore, the information in this version can only be used as an unofficial reference at this time. View the old version here: <https://www.apsb.org/assets/docs/APSB/2016/Publications/FINALAPSB2016EmployeeHandbook.pdf>

The employee handbook attempts to summarize and discuss policies and procedures as a convenience to our employees. As always, if there are discrepancies between this handbook and policy, the policy will prevail.
