The Louisiana Department of Education encourages all students to read every day during the summer. Reading is the biggest factor in your child’s overall academic success. Children who read more do better in school. To help ensure students’ success in school, Prairieville Middle sixth-grade teachers require that every student entering the sixth grade read two novels this summer. Students are required to read one book from List A and one book from List B. Please circle or highlight the book you selected from each list.

After reading both books, your project is to create a letter where the main character from the List A book writes to the main character from the List B book.

**Example**—
This summer, a student chose to read *Loser* from List A and *Joey Pigza Swallowed a Key* from List B. The main character of *Loser* is Donald Zinkoff, and the main character from *Joey Pigza* is Joey Pigza. This student’s project will be Donald Zinkoff writing a letter to Joey Pigza.

The letter should follow the format of a friendly letter and should include two paragraphs:

- **Paragraph 1**—List A’s main character will introduce himself/herself to the other character. In this paragraph of the letter, the main character from the List A book will use details from the List A book to:
  - describe his/her own personality
  - give background details of his/her own life
  - explain the conflict that he/she had to overcome
  - describe how he/she changed after overcoming the problem

- **Paragraph 2**—In this paragraph, List A’s main character will give advice to List B’s main character. The advice should help List B’s main character deal with and overcome the problem that he/she faced in the List B book. Include the following details from the List B book:
  - the personality of the main character from the List B book
  - background details about the life and experiences of the main character from the List B book
  - the conflict that the character from the List B book had to overcome
